

Bes-Tech, Inc. Becomes a Supplier Partner for the Mechanical Contractors Association of America

Bes-Tech, Inc., a building technologies company, has recently joined the Mechanical Contractors Association of America (MCAA).

Bes-Tech, Inc., a building technologies company, has recently joined the Mechanical Contractors Association of America (MCAA) as an official Supplier Partner. As a partner, Bes-Tech, Inc. will support the mission of the MCAA and have the opportunity to participate in its many program offerings.

About the MCAA

The Mechanical Contractors Association of America serves the unique needs of approximately 2,500 firms involved in heating, air conditioning, refrigeration, plumbing, piping, and mechanical services. MCAA includes the Mechanical Service Contractors of America, the Plumbing Contractors of America, the Manufacturer/Supplier Council, the Mechanical Contracting Education and Research Foundation and the National Certified Pipe Welding Bureau.

About Bes-Tech, Inc.

Bes-Tech has been a leader in energy efficient building systems technologies for the past ten years. The company was founded on proven scientific engineering processes and technologies that reduce peak energy demand, minimize energy usage, and maximize energy efficiency. Together, these innovative technologies and processes work to lower the carbon footprint of the built environment. Their experienced engineering teams have a documented track record of utilizing their patented technologies to produce an average savings of 30% to 60% with a 2-3 year return on investment.
